The screenshot shows a web browser window with the title "Registration Form". The address bar displays "localhost/REGISTRATION_FORM_2/FORM_FILLS.html". The page content includes the text "Name:Sudana shashi kiran" and "Registration number : 21BCE8644". Below this, there is a red-bordered box titled "Registration Form" containing four input fields: "Last Name:", "First Name:", "Registration Number:", and "Email ID:". All input fields are currently empty.

The screenshot shows the same web browser window as above, but the input fields in the "Registration Form" box are now filled with the following data: "Last Name:" is "SUDANA", "First Name:" is "SHASHI KIRAN", "Registration Number:" is "21BCE8644", and "Email ID:" is "sudanashashi36@gmail.com".
